

## Ocean Floor Assignment

Name: \_\_\_\_\_

1. You are part of an exploratory diving team, exploring an old ship graveyard at the bottom of the Atlantic Ocean. To prepare your team for the dive, you draw a rough sketch of the features on the ocean floor. Label each of these features in your drawing: continental shelf, continental slope, mid-Atlantic ridge, and abyssal plain. (5)

2. The divers on your team ask for more information. Answer each of their questions:  
Which land feature (Mountains, Ski Hill, Desert) would be equivalent of each ocean feature? (3)

a) mid-ocean ridge

\_\_\_\_\_

b) continental slope

\_\_\_\_\_

c) abyssal plain
